

Get Example Onshape Assembly Lift Table

1. Create an Onshape® account
https://www.onshape.com/cad-pricing?utm_campaign=Mathworks&utm_source=Referrals
2. Run `Get_Onshape_Lift_Table_Model.m`
It will execute the following steps:
 1. Open Onshape login screen in MATLAB web browser.
 2. Export CAD assembly to Simscape Multibody XML file
 3. Automatically construct Simscape Multibody model
 4. Adjust default settings and run simulation
 5. Create plot of simulation results

To see Simscape Multibody model without converting, enter subfolder
`.\Examples\1_Lift_Table`
 and run `startup_lift_table`

View assembly in Onshape: [link](#)
 Note: use Chrome, Firefox, or Opera
